ROYAL ESPRESSO

Introduction

Welcome and congratulations on purchasing your Royal Espresso by Royal Prestige®. Please be sure to read this manual in its entirety before using your Royal Espresso to ensure that you have an enjoyable experience. The valuable information contained in this manual will provide an overview of the product, some helpful hints to get you started, as well as trouble-shooting tips should you have issues with this product in the future.

Before You Start

Before using your Royal Espresso for the first time, be sure to wash it thoroughly. Add ¼ cup of vinegar to hot soapy water, and with a sponge or dishcloth wash each piece. After washing the Royal Espresso, be sure to boil water with no coffee in the first time. Royal Espresso can discolor or stain if it is not washed properly before using it for the first time.

Important Safeguards

IMPORTANT! Failure to follow these instructions may result in personal injury, including burns!

Risk of Burns	<ul style="list-style-type: none"> • Use caution when pouring hot water or coffee. • Do not open Royal Espresso while it is boiling.
Danger Related to Misuse	<ul style="list-style-type: none"> • Place Royal Espresso on a stable, non-skid surface. • Never use in a microwave. • Keep out of the reach of children.

Operation

1. Fill boiler with cold water. (Do not fill past the safety valve).
2. Insert main filter into boiler and fill with fine ground coffee (avoid packing the grounds).
3. Screw together the top container and boiler. Place Royal Espresso on stovetop. Bring to boil on medium or medium-high temperature.
4. Remove Royal Espresso from stovetop once the top container has filled with fresh brewed espresso. Pour and enjoy!

Care and Cleaning

Hand wash unit under warm running water. Do not use detergents. Do not wash in the dishwasher. We recommend periodical cleaning of the upper filter by dismantling carefully. It is also important to clean the coffee shaft thoroughly after each use.

Troubleshooting/FAQ

Condition	Reason and Solution
Water Spots	Water spots may occur due to the water condition in your area. These spots can be prevented by drying the Royal Espresso well with a dish towel.
Color on Surface	Overheating or allowing your Royal Espresso to boil dry will cause yellow, bronze, blue or rainbow tints on the stainless steel surface. The tints are harmless and can be removed by using Royal Shine, the exclusive, non-abrasive stainless steel cleaner by Royal Prestige®.
